

MateVeza

Organic beer brewed with yerba mate, the South American caffeinated herbal tea. The yerba mate provides a refreshing, dry finish and is a natural source of caffeine.

Yerba Mate is...

- A small subtropical tree native to South America
- Earthy in flavor with herbal and green, grassy nuances
- A natural source of caffeine that many prefer over coffee
- Enjoyed by friends and family in a communal ceremony
- "The best thing to happen to beer since hops!"

Brewed in Ukiah, CA by Mendocino Brewing Co.
Certified Organic by CCOF ~ www.mateveza.com
MateVeza USA ~ San Francisco, CA
